Nedo Builders' Levels F-Series

Strong optics, rugged design and reliable

**NEDO ENGINEERS'
LEVELS Z-SERIES**

**Tough and
jet water proof!**

Nedo Engineers' Levels Z-Series

Nedo **Z-Series levels** are premium engineers' levels that meet the most exacting demands. All Nedo **Z-Series levels** have an especially large aperture to provide plenty of light-gathering power, a rugged, air-damped compensator and a jet-water proof metal housing conforming to protection class IP X6. Perfect for extreme conditions like dust and rain.

Features:

- Automatic engineers' level with 32x magnification
- Bright optics with large objective aperture: 36 mm
- Sturdy, reliable air-damped compensator
- Sturdy metal housing
- Jet water and dust proof; IP X6
- High-contrast image
- Inspection record
- Comes with plumb bob, adjusting pin and robust case

	Z32
Ref.-No.	460 758-185
Magnification	32x
Clear objective aperture	36 mm
Minimum focusing distance	25.6" / 0.65 m
Stadia constant	100
Compensator range	± 15'
Compensator setting accuracy	± 0.3"
Horizontal circle	360°
Sensitivity of circular bubble	8'/0.08" / 8'/2 mm
Accuracy 1 km Double run leveling standard Deviation	± 1.0 mm
Protection class	IP X6
Weight	3.8 lbs. / 1.75 kg
Connecting thread	5/8" x 11

Scope of delivery:
Carrying case, lens cover, plumb bob,
allen key, adjusting pin
