

BOLTRAY PLUS SERIES LED5000 DAYLIGHT (5600K)

The Boltray Plus Series is a high-output, point source lighting fixture from Dracast. Available in four variations, each Boltray Plus model features a COB (chip-on-board) integrated LED array that provides the perfect solution of size, power, performance, and value. The 5000 model is a 500W fixture with fixed color temperature at 5600K and a CRI rating of 97+ for state of the art color stability, accuracy, and lumen output.

The Boltray Plus 5000 features a Bowens mount for easy use of accessories, DMX I/O ports, and an included remote for wireless control of one or multiple fixtures. All Boltray Plus models include battery plates for an ideal compact, "field-ready" lighting solution.
