

ProPanel™ Fasteners

Auralex® Acoustics offers a variety of permanent and removable mounting options for your ProPanels.

IMPALING CLIPS:

- Included with all beveled and straight edged ProPanels
- Quick installation
- Wall applications only

OFFSET IMPALING CLIPS:

- Creates an air cavity behind the ProPanels for improved low frequency absorption
- Wall applications only
- 1" and 2" offsets available

CORNER IMPALING CLIPS:

- Increase your room's low frequency absorption
- Included with all M224 ProPanels
- Vertical & horizontal corner installations: For horizontal corners use 2" thick panels only

CLOUD ANCHORS:

- Suspends ProPanels from the ceiling
- Removable
- Creates an adjustable air space between the ProPanel and the ceiling
- Useful for mix position clouds
- Offset ceiling applications

SNAP-ON ANCHORS:

- Permanent installation
- Use where flush mounting of ProPanels is desired
- Ceiling & wall applications
