

150-200 AMP INTEGRATED METER

Transfer Switches

Integrated Meter Transfer Switches

Generac offers a full line of residential Integrated Meter Transfer Switches to meet varying needs and code requirements. The all-in-one transfer switch series conveniently and aesthetically hosts the utility meter, transfer switch and emergency shutoff.

Certifications & Ratings

- ETL Rated
- NEMA Type 3R enclosure

Performance Features

- All-in-one location meter socket transfer switch and breaker panel makes for easier inspection and installation
- Intelligent Load Management
- Meets NEC requirements

Safety & Reliability

- Withstand and Closing ratings (WCR) 22kAIC with circuit breakers
- Aluminum enclosure provides best in class protection against corrosion
- ETL under UL1008
- Available in open transition contactor type

INTEGRATED METER TRANSFER SWITCH

RXUW200A3 – 200A

RXUW150A3 - 150A

- All-in-one solution, smaller footprint compared to separate meter socket and transfer switch
- Shortens Installation Time
- Features integrated load management
- Ringless type
- Tamper proof upper compartment cover available

INTEGRATED METER TRANSFER SWITCH WITH LOAD CENTER

RXGUW200A3 – 200A

- All-in-one solution, smaller footprint compared to separate meter socket and transfer switch
- Shortens Installation Time
- Meets state specific code requirements for the load center to be outside of the dwelling
- Interconnected in the same enclosure with a side car
- Ringed type
- Tamper proof upper compartment cover available

UPGRADEABLE INTEGRATED METER TRANSFER SWITCH

RBU200A3 – 200A

RBU150A3 – 150A

- All-in-one solution, smaller footprint compared to separate meter socket and transfer switch
- Shortens Installation Time
- Generator Ready Builder Meter + Main
- Ringless type
- Tamper proof upper compartment cover available
