

# CHROME SLT®

# 4073W

# HexArmor®

Designed with durability, the Chrome SLT® Winter 4073W gloves deliver unsurpassed dexterity with a 360° C100 Thinsulate™ interior liner that keeps hands warm in harsh environments. The goatskin leather palm and forchette construction provides a traditional feel with a durable, solid grip in dry or light oil situations with an additional 360° HPPE/steel blend liner that offers level A6 cut protection. On the back-of-hand, our wind and water-resistant soft shell protects hands from the cold while impact guards provide level 2 protection on knuckles and fingers.

The 4073W is complete with tapered impact guards at fingertips to prevent catch hazards, a reinforced thumb saddle, and an extended knit wrist for a secure fit when you need it most.
