

 MONOPRICE™

Monoprice™ SlimRun™

Cat6A 30AWG Ethernet Cable

Thinner, Lighter, and Designed for High Performance

Monoprice™ SlimRun™ Cat6A is a small cable with big performance. With a cable diameter of almost half a standard Cat6A cable, SlimRun Cat6A is easier to route and saves valuable space in high density environments, such as data centers and telecommunications rooms. With SlimRun Cat6A, you can fit more cables in the same space, saving you the time and cost of expanding or replacing cable pathways.

Monoprice™ Ethernet cables are made of 100% pure bare copper wire, CM rated, and are therefore fully compliant with UL® Code 444 and National Electrical Code® TIA-568.2-D fire and safety standards, which require pure bare copper wire in communications cables.

- High Performance
- Thinner and Lighter
- Snagless and Narrow Boot Design
- Monoprice™ Lifetime Warranty

10G

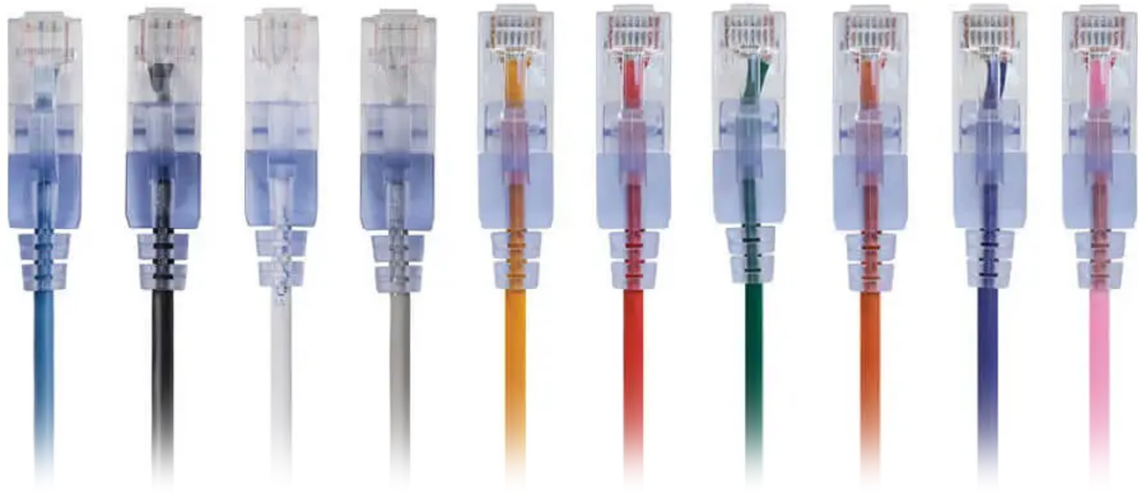

SlimRun CAT6A
3.6mm

Standard CAT6
6.0mm

Available Lengths:

0.5, 1, 2, 3, 5, 7, 10, 14, 20, 25, 30, and 50 feet*
