PL100

Electronic Digital Door Lock

PYRAMID®
SIMPLE & SMART®
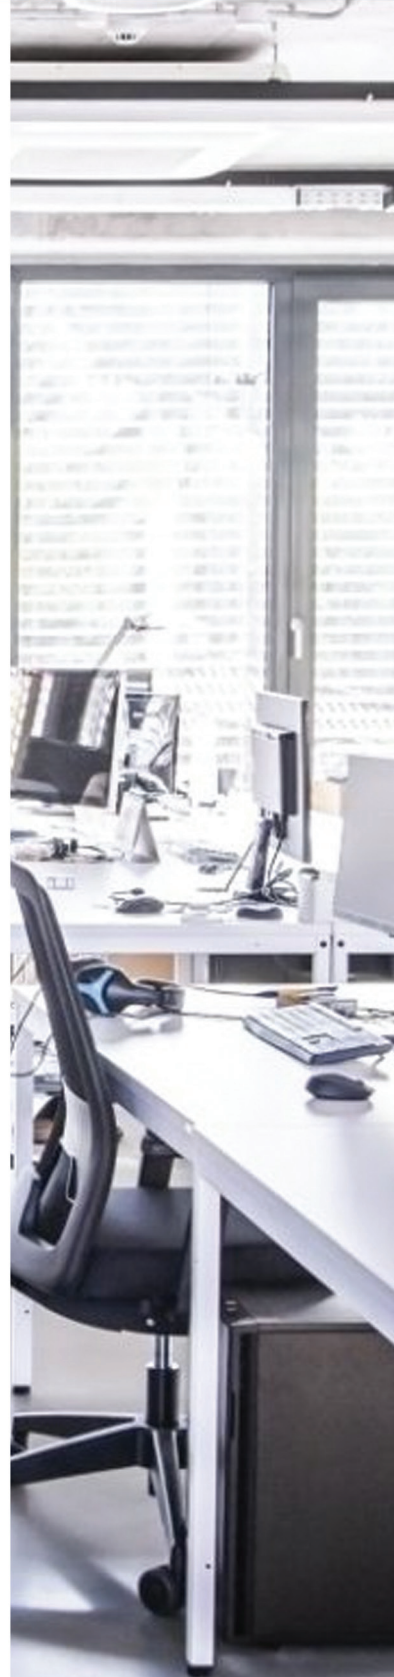

Security Access That Fits Your Needs

The **PL100** simplifies door access with numerical code entry, rfid card reader, and emergency key access for up to 200 users (codes and card users). This stylish silver finish digital door lock is ideal for: *Offices*, *Home*, *Factories*, *Warehouses*, *Healthcare Settings*, and anywhere that access restriction is necessary. No wiring is needed.

Model PL100

- ○ Sturdy zinc alloy construction with silver finish
- ○ Lever handle that is reversible to fit both left and right handed doors
- ○ Unlocks by numeric code and/or RFID cards (up to 200 users), and by emergency key access
- ○ Try failure sleeping mode to prevent illegal attempts
- ○ Low battery alert
- ○ 1 year warranty

Please note: Digitial door lock is for indoor use only
