

360° All-in-one Intelligent Camera for Enhanced Teams Rooms Experience

Yealink SmartVision 60 is a new generation of all-in-one audio & video device which is designed for intelligent conference rooms jointly created by Yealink and Microsoft. SmartVision 60 has a 360° wide field of view with 360° sound pickup range, which would bring a comprehensive and immersive conference experience. A 10k camera makes every position of the medium-sized boardroom clearly visible. And 6m sound pickup range covers every corner of the room. Yealink SmartVision 60 is equipped with a variety of Microsoft's innovative audio and video AI functionalities in order to bring you a groundbreaking audio and video experience. Multi-Stream People Feed feature gives meeting attendees their own individual frame in the gallery to help remote participants feel closer to the people in the room. Yealink SmartVision 60 also includes all the great features of Microsoft Teams intelligent speakers, including people identification in live transcription and Cortana digital assistant. SmartVision 60 has a lifting privacy cover with a ring of LED lights, which can automatically lift up or lift down in synchronization with the meeting status to protect your privacy.

Key Features and Benefits

All-in-one Audio & Video Device

Yealink SmartVision 60 upholds the concept of integrated design; it is a new generation of 360° All-in-one Intelligent Camera; it integrates camera, microphone, and speakers to achieve that a single machine can satisfy all the needs of a medium-sized boardroom.

10k-360° Camera + 6m-360° Pick-up Range

Unparalleled 360° panoramic view so that every position in the medium-sized conference room is clearly visible. 6 x MEMS microphone arrays at the bottom, bringing 6m all-round sound pickup. 6+1 microphone arrays at the top for intelligent voice recognition, perfectly covering every corner of the room.

Multiple intelligent functionalities

Yealink SmartVision 60 is equipped with a variety of Microsoft's latest AI capabilities: Multi-Stream People Feed feature gives meeting attendees their own individual frame in the gallery to help remote participants feel closer to the people in the room. Intelligent voice assistant Cortana can easily unlock voice meeting control, intelligent voice transcription function makes you enjoy one-click unmanned meeting minutes mode, intelligent real-time translation function and online translation of real-time subtitles could start a new experience of multi-party barrier-free communication, intelligent participant identification provides a unique customized meeting experience.

Camera Specifications

- 10k camera
- 360° HFOV, 60° VFOV
- 5x Digital Zoom
- Electric Camera Privacy Cover

Audio Specifications

- 6 MEMS microphone arrays for meeting audio
 - Sensitivity: $-46\pm 2\text{dB}$ (0 dB=1V/Pa)
 - SNR: 56dB
 - Frequency Response: 100-10KHz
- 6+1 Microphone arrays for AI audio
 - Sensitivity: -37dB (0dB=1V/Pa)
 - SNR: 66dB
 - Frequency Response: 100~8Khz
- Speaker Specifications

- Maximum Output: 7W
- Effective Power: 5W
- Sensitivity: 85 dB5W / 1M
- Frequency Response: 100-22K

Buttons & Interfaces

- 2 * Microphone Mute/Unmute Button
- 1 * Camera Mute/Unmute Button
- 1 * USB Type-C 3.0 Interface
- 1 * 15V/2.4A DC Power Port
- 1 * Reset

AI Features

- Multi-Stream People Feed
- Cortana Voice Assistant
- Live Transcription

- Translation
- Participant Identification

Physical Specifications

- External Yealink Power Adapter: AC 100~240V input and DC 15V/2.4A Output
- Operating Humidity: 10~95%
- Operating Temperature: 0~40°C

About Yealink
